

The essence of geography – the essentials in geography learning

The intent of this workshop is to think about the essence of the geography curriculum. Malcolm McInerney, expert contributor to the Australian Curriculum: Geography, describes the essentials in geography learning.

WORKSHOP AGENDA

Description	Time
1 Let's begin – our initial thinking 1 Form a group of three. 2 Choose one person to record and one to time keep. 3 Share your initial thinking of what you think is essential in geography learning. 4 Recorder: Present 3 ideas back to the whole group.	5 min
2 Introduction In this workshop we hear from expert Malcolm McInerney who had a lead role in the development of the Australian Curriculum: Geography shaping paper. We will discuss his thinking and analyse how this fits with our own.	2 min
3 Learning process 1 Watch the video clip ¹ of Malcolm McInerney (3.02 min). 2 Personal reflection – While watching the clip reflect on the following: a) What are Malcolm McInerney's main points? b) How does this connect with my current understanding of geography? c) What was new for me? 3 Group discussion: <ul style="list-style-type: none">• Pool your main points from a) and cluster them by theme.• How does the expert opinion fit with our individual and shared understandings of the 'essence' of geography?• Share your c) responses and identify any patterns in this.	25 min
4 Summary of learning What is our agreed position about the essence of geography – the essentials in geography learning? As a table group complete this statement: The essence of geography is:	5 min

5 | Commitment to action
We know that the geographical concepts are essential in geography learning.
The one thing I will do to include a focus on geographical concepts when designing learning in geography is:
.....
