**Government of South Australia**  
Department for Education

## **Fluency F–10**

What can you recall?

Can you choose and use your maths flexibly?

## **Problem solving F–10**

How can you interpret?

In what ways can you model and plan?

In what ways can you solve and check?

Reflect.

## **Understanding F–10**

What patterns/connections/relationships can you see?

Can you answer backwards (inverse) questions?

Can you represent or calculate in different ways?

## **Reasoning F–10**

In what ways can you prove it?

In what ways can you communicate?

In what ways can your thinking be generalised?

What can you infer?
