F-2

What do you notice?

What do you think?

What do you think if...?

How can you explore?

How can you share?

So what?

3-4

What do you notice?

What patterns and relationships can you see?

What do you think if...?

How can you explore?

How can you review and communicate?

So what? What next?

5-6

What do you notice?

What patterns and relationships can you see?

What do you predict?

How can you test it?

How can you review and communicate?

So what? What next?
